Rich, if you get some time this morning, call me as I want to make sure your aware of the issues as they are unfolding here with regard to communications..... they obviously affected you guys yesterday and its safe to assume that will continue for the next couple of days. I am in the office.

I will be unavailable this afternoon [REDACTED] **Ex. 6 - Personal Privacy** Jerry said he was available this afternoon so he can I presume cover the call.

Fran, since your acting this afternoon can you also cover this call. I'm thinking we may need to offer a short status report to Kathy for Shawn by cob. Rich can let you know when he will have the call.

Thanks all, den.

Since most of us will be in transit at 9am today we will postpone the call to this afternoon.

Obviously if any updates are needed on status, pls call my cell.

Rich.
